20th April 2018

REFERENCE NUMBER: MGOZ/MPU/ T 23/2018

Tender for the Provision of Sick Leave Verification Services to the Ministry for Gozo

Q1: In order to plan amount of doctors required, we need to have an estimate of number of weekly visits per week, and how many of these are expected to fall on a weekend, since this is not specified in tender specs.

A1: The Ministry for Gozo is not in a position to provide the weekly number of visits since this varies according to the exigencies of the various Contracting Authorities within the same Ministry. In line to the terms and conditions of the tender, contractor will be required to provide medical services, on an “as and when required” basis
