23rd January 2020

REFERENCE NUMBER: MGOZ/MPU T 54/2019

Framework agreement for the supply and delivery of road marking paint, on a period contract basis, for the Projects and Development Directorate within the Ministry for Gozo.

Clarification No. 2

Reference is made to the above-tender, for which deadline for submission of offers is Wednesday 5th February 2020 at 09.30am.

Question 1: In the Financial Bid Form under description it is stated that drums should be less than 30 kgs. Does this make 30kg. drum weight unacceptable?
Also in the same form under Rate incl. taxes etc. it is requested price per 20 kg drums for items 1 and 2. Does this mean drums prices for drums between 21 and 30 kgs are disqualified?

Answer 1: **As per Financial Bid Form and Clause 9 of Section 3 in the tender document, 'drums of paint and thinner should be LESS than 30kg.'**

In the financial bid form, the rate per 20kg (and not per 20kg drum) for items 1 and 2 is being requested. A drum of any weight less than 30kg is accepted. Therefore, irrelevant of the drum weight, a rate per 20kg should be quoted.

All other terms and conditions remain the same.
