Clarification No. 1

Clarification Request

Question 1: With reference to the On the Move Program for the last 4 years the transport was being done with 21 seaters mini coaches. Is it possible that I give you also the price for a 21 seater min coach?

As with the budget that you have specified it is more in the 21 seater min coach price range then that of a 36 seater. As per the current price market of the transport for a 36 seater!! If you are interested in a vehicle with 36 seater capacity I can offer you a 21 seater and a 16 seater mini coach all together. An other thing a coach of 36 seater is not able to go to Dreams of Horses in Xaghra due to the present road structure. Ideal mini coaches are use to go there. But if you are still interested in the price for a 36 seater coach I can still provide that too.

Answer 1: As detailed in the tender document, transport service for a minimum of 35 persons is required for various routes as detailed in Clause 1.3 of Section 3 in the tender document.

The type and number of vehicles used doesn't make a difference as long as all vehicles used are conformant with all conditions and specifications requested in this Call for Tenders.

All other tender documents, conditions and requirements, which are not superseded by this Clarification, remain in place.
