TENDER FOR THE COURTYARDS FAÇADE RESTORATION WORKS USING ENVIRONMENTALLY FRIENDLY PAINT MATERIAL AT MINISTRY FOR GOZO IN VICTORIA, GOZO

Clarification No. 1

Clarifications

Question 1: In the technical documentation related to this tender, I found in the list of key experts that Restoration Technician in possession of an MQF Level 5 or equivalent qualification in restoration works is required.

I wonder, if we are not able to find someone with the required qualifications, can someone with MQF level 4 apply for it please? If not, what other qualification is acceptable to you, and is possible to submit Restoration Architect instead? A restoration technician with MQF level 5 is a relatively new profession and barely a few people own it in Malta.

Answer 1: **As per Article 5(C)(ii)(f) of Section 1 in the tender document, the Restoration Technician nominated as a key expert should be 'in possession of a MQF Level 5 or equivalent qualification in restoration works.'**

No other qualification other than that requested will be accepted.

All other tender documents, conditions and requirements, which are not superseded by this Clarification, remain in place.
