**TENDER FOR THE SUPPLY, DELIVERY AND INSTALLATION OF FURNITURE AND STEEL SHELVING FOR THE NEW OFFICES AT G.B. OLIVIER STREET, VICTORIA, FOR THE MINISTRY FOR GOZO**

**Clarification No. 1**

**Clarifications**

---

Question 1: Clarification is being made on item S1 - LOT 2 - Steel shelving.

Can you please confirm whether these need to be modular shelving with closed lateral sides (no back) or open steel shelving units (with back) positioned next to each other?

**Answer 1: As per tender drawings and specifications in Section 3, Lot 2, 1.1 of the tender document, “Sides of the shelving should be closed with the same material such that the volumes do not rest on any edge”.**

**For this purpose, we could accept both options of modular shelving units with closed lateral sides, or open shelving units configured individually, side by side, as long as a steel separator is provided between two units. The units don’t need to be provided with back.**

All other tender documents, conditions and requirements, which are not superseded by this Clarification, remain in place.
