TENDER FOR THE MAINTENANCE OF TURF AREAS AT THE CITTADELLA USING ENVIRONMENTALLY FRIENDLY PRODUCTS AND PRACTICE

Clarification No. 3

Clarifications

Question 1: Please advise the volume of the reservoir.

Answer 1: As per Article 4.2.7 in Section 3 of the tender document, the Contractor will need to replenish the reservoir [which is 1450 m3 large] by the volume of water used, which replenishment [volume and occurrence] depends on the consumption of water throughout the contract period.

Question 2: Please advise the total number of sprinklers on site.

Answer 2: This information cannot be provided at this stage. However, the bidders are being guided to go through the provided information in the Terms of Reference and the relevant site-plan, which documents provides clear indications of the areas to be maintained under the contract.

Question 3: Please advise the technical specification of the existing timer.

Answer 3: This information cannot be provided at this stage. However, the bidders are being guided to go through the provided information in the Terms of Reference, which documents provides clear indications of the areas to be maintained under the contract.

Question 4: Please confirm if the Grass Blocks are also included for maintenance as well as the turf. (Grass Blocks marked in Dark Green on the site plans)
