**TENDER FOR THE PROVISION OF DOMESTIC WASTE SKIPS ON WHEELS AND THE DAILY COLLECTION AND DISPOSAL OF WASTE FROM GOZO CHANNEL (OPERATIONS) LIMITED**

**Clarification No. 3**

**Clarifications**

---

Question 1: As per the tender document, the selected contractor shall provide domestic skips and cater for the disposal of the waste. The types/categories of wastes identified in the tender documents are the following:

- General Waste;
- Plastic;
- Paper/metal;
- Glass; and
- Oily Waste

Reference is also made to your responses in Clarification no 2, specifically, your confirmation that ERA disposal Code number for the oily waste/wastages is 15 02 02

Kindly note that whilst the tipping/disposal fees set by Wasteserv for all waste (excluding oily waste is circa Eur 20 per tonne), whilst for oily waste with ERA disposal code 15 02 02 is that of Eur 500 per tonne (this excluding other transportation expenses). Furthermore, as per the tender documents currently, the tipping fees shall be borne by the contractor.

In view of the above, either the price submitted for the oily waste collection has to be distinguished from the other types of waste, or otherwise, the tipping fees for oily waste shall be borne by the Contracting Authority. This to ensure a competitive bid.

Answer 1: **Please note that all costs must be borne by the Contractor. It is estimated that less than 1 ton of oily waste is to be disposed annually.**
